---

1 **Data format**
Format to be applied 7,7 x 21,6 cm
incl. 3 mm bleed around perimeter

2 **Hangcard**
ca. end format: 7,1 x 21 cm

3 **4 mm safety distance around perimeter**
Distance of the texts / information to the
edge of the card

4 **3 mm bleed around perimeter**
Place continuous images, background
colors and graphics up to the edge of the
data format

❗ Important for a good printing result

Dear costumers,
please prepare your printing data according to the specifications
as described below. If the specifications are not complied with,
we cannot hold any liability for the printing result.

- **Print:** standard 4/0-colored print in CMYK
- **Text / font:** at least 5 points, convert fonts to paths
- **Line thickness:** at least 0,25 pt positive / 0,5 pt negative
- **Frames:** If your design calls for the creation of a frame also
  the safety distance applies.
- **Manufacturer labeling obligation according to the
  Product Safety Act (ProdSG)**
  http://www.gesetze-im-internet.de/englisch_prodsg (see chapter
  2, article 6) Labeling on the hanging card or with an adhesive
  label[1] on the polybag.   [1] *Additional costs may apply.*
